It's always worth doing a live search on the web, as they come and go; but here are some ready links!

- [ebay](#)
- [livefoods direct](#) (crickets, mealworms, locusts, equipment)
- [Virginia Cheeseman](#) (roaches, weevils, crickets, spiders, scorpions, etc)
- [Small-life](#) (specialist in stick insects and supplies)
- [Livefoods.co.uk](#) (crickets, mealworms etc)

More suggestions - let me know! J
